

AHIMA 2010 LTC Spring Meeting Speaker Biographies

Dougherty	Michelle	Michelle L. Dougherty, MA, RHIA, CHP is a Director in Practice Leadership for the American Health Information Management Association (AHIMA). In her role as director, Dougherty provides professional expertise, industry leadership and advocacy on health information issues including the legal HER, e-discovery, record management, HIT standards, health information exchange, and personal health records. Dougherty has served in a leadership role by bringing together key stakeholders in the long-term and post-acute care community to shape HIT and EHR initiatives. She serves as director, manager or facilitator for a number of projects and government contracts and represents AHIMA and the HIM profession at HL7 and on the EHR technical committee for both Legal EHR and LTC standards. Dougherty is a frequent speaker and an award-winning author.
Kampa	Lisa	Lisa Kampa, MAOL, RHIA, CHP, is Manager of Health Information Services and Privacy at Gillette Children's Specialty Healthcare in St. Paul, MN. She has been involved in the EMR transition process for the past 10 years including the development of scanning workflows in both a large and small healthcare facility. Lisa is a past-president of MHIMA and currently is the Key Focus Area lead for Education/Professional Development. She received her associate and baccalaureate degrees in HIM and a master of arts in Organizational Leadership from St. Catherine University. Prior to Gillette, Lisa enjoyed five years in the HIM Department at Regions Hospital and 10 years at Fairview Lakes Medical Center in Chisago County.
Lefert	Charlotte	Charlotte Lefert, RHIA, is a Health Information Consultant with over 30 years experience working with long term care facilities. As an active member of AHIMA, she currently serves on the LTC Documentation Guidelines Workgroup, as the Coding Strategy Manager on the LTC Practice Council, and as Facilitator of Coding Strategy for the Long-Term Care Community of Practice (CoP). She is the primary author to AHIMA's <i>ICD-9-CM Diagnostic Coding for Long Term Care and Home Care, 2nd Edition (2007)</i> , and is a primary contributor to the ICD-9-CM coding workgroup for the development of coding training materials with the national LTC Consortium.
Maassen	Donna	Donna Maassen, CHC is currently the Director of Compliance, as well as the Privacy and Security Officer for Extendicare Health Services, Inc. and has worked in a variety of positions with Extendicare for over 25 years. She is an active participant in a collaborative long term care group called the Long Term Care Consortium (LTCC). The LTCC is proud of the work they do to collaborate in an effort to reduce the compliance burden through sharing of ideas, tools and various resources. Donna also has a CHC (Certified in Health Care Compliance) credential through HCCA.
Marsh	Carmilla Kelli	Kelli Marsh, RHIA, is well known as a Consultant and Educator in Long Term Care. She graduated from Stephens

		College with a Bachelor's Degree in HIM. Mrs. Marsh has taught numerous workshops on a variety of topics relative to LTC. Currently, she is employed by Omnicare, Inc., an institutional pharmacy. Mrs. Marsh is the Vice President of Support Services for Northern Ohio Pharmacies and her responsibilities include customer service, consultation and services to numerous LTC facilities on certification and licensure issues, and other related topics.
McKinney	Frank	Frank McKinney is a technology consultant focusing on health IT, interoperability standards and e-prescribing in a range of organizations and care settings. He is also active in national standards groups – currently servicing on the Board of the e-prescribing standards body, NCPDP, and chairing its long-term care EHR /e-prescribing task group. Previously, Frank was the e-Prescribing Product Strategist for the long-term care software vendor, MDI Achieve. Prior to that, he was the Product Development Manager for RxHub (now part of Surescripts), where he helped develop its nationwide electronic information exchange for prescriptions and benefit information.
Mitchell	Sue	Sue Mitchell, RHIA, has considerable experience in the long term care industry. She has worked extensively with long term care clinical information systems, MDS systems, and long term care initiatives related to the electronic health record. She has served as an instructor for numerous programs on HIPAA, PPS, MDS, Quality Indicators, Quality Measures, and the electronic health record.
Onsted	Heidi	Heidi Onsted, RHIA, is Supervisor of Health Information Services at Gillette Children's Specialty Healthcare in St. Paul, MN. She has 25 years experience in paper chart management, release of information, and more recently, with electronic document management-scanning workflows. She is a key member of Gillette's HIM leadership team and a very active volunteer in MHIMA – most recently leading the MHIMA Legal Manual Work group. Heidi received her associate and baccalaureate degrees in HIM from St. Catherine University and holds an RHIA credential.
Sanders	Paula	Paula Sanders, a Partner in Post & Schell's national healthcare practice, focuses her practice exclusively on healthcare law. She represents clients on substantive and procedural aspects of health facility regulation, including surveys' licensure; Medicare/Medicaid; compliance; RAC and MIC audits; quality of care; and fraud/abuse matters. Ms. Sanders is skilled in dealing with multiple regulatory and law enforcement agencies and coordinating an integrated response to their issues. Her clients include hospitals, CCRCs, long-term care, assisted living providers and hospices. She speaks and writes regularly for numerous organizations and is on the Editorial Board of Eli Healthcare Long Term Care Survey Alert.
